Westbrook, CT 06498

Dear Dick:

Your letter is most encouraging. Since Dr. Greensher is from Long Island, he may wish to know that I will be getting an honorary degree from Adelphi College on May 23, and am arriving on Long Island on May 22. Perhaps the three of us could get together.

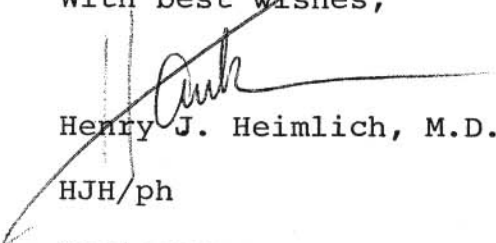

You mention that he will also try to get some data on using a 14 gauge needle for an airway. He may be interested in the enclosed 1969 article by a guy named Heimlich concerning the use of a #14 needle as an airway.

The troops are marching in the right direction. Enclosed is a letter I have sent to Ev Koop that might also start some action. I do not believe that I sent you the attached Red Cross telex and Heart Association memo and letters that are a pure attempt at a cover-up of their errors. Use them as you will.

Look forward to seeing you Thursday.

Onward and upward.

With best wishes,

Henry J. Heimlich, M.D.

HJH/ph
